RESERVE DNA 2013

Origin

The grapes were all selected from Vergelegen's Kopland and Rooiland vineyards, planted on the north to north-westerly slopes. Row direction East to West.

Vinification

Grapes were hand-picked and de-stemmed but not crushed. The de-stemmed grapes were cooled to 8°C and 'cold soaked' for 168 hours. Fermentation took place at 26°C followed by a 28 day maceration on the skins. After malolactic fermentation in stainless steel tanks, the wine went into 100% new French oak barrels for 16 months. Released: October 2017.
